

# What is the face of the 21<sup>st</sup> Century Classroom?

How is information being synthesized, how does our  
teaching and learning reflect the digital world?

# What is 21<sup>st</sup> Century Learning?

## 21st Century Student Outcomes and Support Systems

# What is a flipped classroom?

## The Flipped Model

# Implications in the Classroom

- \* Online homework! Kids' videos are being sent back to us. Able to give immediate feedback.
- \* Computer programs used for independent practice.
- \* Scholars can review a lesson as many times as needed.

# Call for Action

- \* Step outside of the box from traditional educational practice to prepare our urban scholars to compete for the ivy league and 21st century positions.
- \* A forum of education and business leaders to collaborate with us on our drive to provide premiere instruction.
- \* Ensure every scholar has access to digital media.
