**What is the Access program from AT&T?**
The Access program from AT&T provides a low-cost option for wireline home Internet access to low-income households in the 21 states where we offer wireline home Internet services.

**Why should I apply to participate in the Access program from AT&T?**
Access to the Internet can change lives. You can use the Internet to apply for jobs online, connect with family and friends, research health information, complete an online education—and much more. Plus, as a participant in the Access program from AT&T, you could save money on your Internet bill! In addition, you won’t have to pay for installation or activation—or pay modem or gateway charges.

**How long will the Access program from AT&T be available?**
This offer will be in effect for four years. It will begin in April 2016 and continue until April 2020. Once you are an Access from AT&T customer, your service will automatically renew each year the program continues. AT&T will notify you, in advance of your annual renewal date, that no action is required as long as you still participate in the Qualifying Program. If you do not participate in the Qualifying Program, contact us to discuss other internet service programs. Participants who qualify for the Access program from AT&T after April 2019 may continue in the program for 12 months from the date of activation.

**Which Internet speeds are available with the Access program from AT&T?**
Five speed tiers are currently available under the program. AT&T will assign you a speed of 10, 5, 3 or 1.5Mbps or 768Kbps, whichever is the fastest available at your address.

**If I participate in the Access program from AT&T, what’s my monthly rate?**
There are five possible program speed tiers. If you’re assigned a speed tier of 10Mbps or 5Mbps, you’ll pay only $10 per month. And if your speed is 3Mbps or 1.5Mbps or 768Kbps, you’ll pay just $5 per month. You’ll be assigned the highest speed available where you live.

**Will my speed tier come with a data allowance?**
Service will include a monthly data allowance of either 150GB, 300GB or 600GB data/mo. depending on the type and speed of service you receive. If you exceed your monthly data plan allowance, you will be automatically charged $10 for each 50GB of data usage in excess of your data plan, even if less than 50 gigabytes is used. For more information, go to www.att.com/internet-usage.

**Suppose I’m assigned a speed of 5Mbps. Can I switch to 3Mbps so that my monthly bill is $5 instead of $10?**
No. This program applies only to the highest of the three program speed tiers available at your address. This speed will be automatically assigned to you by AT&T.

other questions & resources

*How do I know whether I’m a SNAP participant?*
The U.S. Supplemental Nutrition Assistance Program used to be known as the Food Stamp Program. It’s a nationwide program, but each state administers the program on behalf of the federal government. If you receive food benefits through your state government (EBT, food card), you’re probably a SNAP participant.

*How do I enroll in the Supplemental Nutrition Assistance Program?*
Go to the USDA SNAP website at [www.fns.usda.gov/snap/apply](http://www.fns.usda.gov/snap/apply), where you’ll find instructions on how to apply.

Information about the SSI program in California is available here [https://www.ssa.gov/pubs/EN-05-11125.pdf](https://www.ssa.gov/pubs/EN-05-11125.pdf)

*Why do California households qualify based on SSI participation, but not households in other states?*
California SSI recipients are not eligible for SNAP benefits because they receive a State supplement to their SSI benefits in lieu of SNAP benefits. For this reason, AT&T decided to expand program eligibility to California SSI recipients under the same requirements that apply to SNAP participants.

*I am a California resident and I live with my uncle, who receives SSI benefits, and my sister, who is a SNAP participant. How do I qualify for Access from AT&T?*
You may submit an application for Access from AT&T based on either the SSI benefits received by your uncle, or the SNAP benefits received by your sister. You will only have to provide information for one of these individuals, and you may choose either. However, only one account will be available at your address.

*I’m currently a Lifeline customer and get wireline phone service at home from AT&T at a discount. Does the Access program from AT&T replace Lifeline?*
The Access program from AT&T provides discounted wireline Internet service; Lifeline provides discounted phone service. The Access program from AT&T and Lifeline are two completely separate programs, each with its own eligibility requirements. It may be possible to receive discounted services through both the Access program from AT&T and Lifeline. Similarly, it may be possible to be eligible for one program but not the other. For details on Lifeline, visit [www.att.com/lifeline](http://www.att.com/lifeline).
